Dear Patient

RE: RETIREMENT OF DR C KING

On behalf of the Partners of Pulborough Medical Group and I am writing to inform you that Dr Christopher King, GP Partner, has decided to retire from General Practice and this will take effect from 31st August 2007.

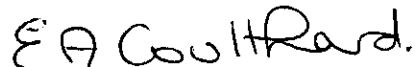

Dr King has given loyal service to the community of Pulborough and beyond and his long career has been distinguished and successful. Dr King joined Barnhouse Surgery in 1980 and his skills, expertise and warmth of character will be greatly missed by his fellow doctors, his colleagues and many grateful patients.

From April 2004, NHS changes have meant all patients at Pulborough Medical Group are registered with the Practice, but assigned to the GP they usually consult with, so the Practice will continue to look after your medical care following Dr King's retirement with the support of a core of excellent locum doctors until a new Partner is appointed. The recruitment process has begun and final interviews will take place in the Autumn and we will of course notify all patients of our new Partner details in due course.

If you require any further clarification or would like to send your good wishes to Dr King I will be very happy to assist you, please write to me at our new address above.

Please view over the page a special message from Dr King.

Yours sincerely

Liz Coulthard
Practice Executive Manager
