Well another year has whizzed by and it gives me great pleasure to let you know some of the activities we have undertaken over the past year.

At the end of January, we said farewell to Alan Bolt PMG Managing Partner for eight years. Alan was always a great supporter of PPL and attended nearly all of our meetings. Alan had been instrumental in bringing about many changes to make the Practice what it is today.

We welcomed Liz Eades PMG's new Practice Manager and she, like Alan, is very supportive of the part PPL takes. We wish her every success and happiness in her new role.

During the year there have been many new initiatives within the NHS and these have been reported in our regular newsletters. I wish to thank Lesley Ellis the editor for all the work she does on producing this very interesting newsletter.

One initiative which was mentioned in last year's report that continues to develop is Rural North Chichester Local Community Network. They are currently focusing on improving referrals, prescribing and supporting patients with severe frailty. As the work of this group continues to develop, we will keep you informed through updates in the PPL newsletter.

Freddie Jones our Community Referrer /Social Prescriber joined PMG last year. This two-year project is being funded by Chichester DC to the Local Community Networks. Areas that Freddie works in include social isolation, those with debt, often where changes with benefit have caused a lack of money from week to week, etc. Feedback to PPL is extremely positive about the work Freddie is doing.

At the end of last year PPL sent out a patient survey. The responses were very positive, but we have taken on board positive, as where patients felt there could be improvements. We are currently looking at the signage in and around PMG.

During the year our Public meetings have proved very popular with attendance being at 80/90.

Since our last AGM we have had once again amazing speakers which included Dr. Courtney Kipps on Sports Injuries, Dr. Luke Hodgson and PMG patient Mark Elvins talk on Sepsis, and in March Mr. Sal Rassam talk on Focus on the Eyes.

In November members of the PPL committee again supported the practice by overseeing the flu clinics which were very well attended.

My thanks go to all the committee members for their continued support and the role they play in supporting PMG. If you would like to join this group please speak with any of the committee members at the AGM or by email at info@pulboroughpatientlink.org.uk Thank you to all our advertisers who support the publication of the newsletter.

Our finances continue to be scrutinised by our independent examiner Mr. Arthur Vardell and our thanks go to him this year for his independent examination.

As a committee we will continue to work for the PMG patients and support the PMG in as many ways as we can. Finally thank you to all those members of PPL who continue to support us and attend our Public Meetings.

Best wishes
Alyson Heath
