

IMPORTANT NOTICE

CHANGE TO 2020 FLU CLINICS - PRE-BOOKED APPOINTMENTS ONLY

Delivering the flu immunisation programme for this season will be more challenging than ever because of the pandemic. The format of the flu clinics will change to take into account social distancing and other measures to protect patients and staff from Covid-19.

As in previous years the free NHS influenza vaccinations **is only for eligible patients who have received either a text or letter.**

Patients with on-line access can now book their flu injection appointment. Clinics start Monday 21st September and do include a Saturday morning. Appointments can also be booked by telephone.

Please do not arrive more than 5 minutes before your scheduled appointment time to allow us to adhere to social distancing rules.

Clinicians will NOT be allowed to touch clothing. Therefore we ask that all patients wear suitable clothing so that the upper arm can be easily exposed. All practice employees will be wearing Personal Protective Equipment.

A one way system will be in operation to prevent patients crossing in the front doorway of the building.

If you are unable to stand to queue or need assistance from a carer, please telephone the practice on 01798 872815 option 1 for appointments and we will book you an alternative appointment.

PLEASE REMEMBER NO APPOINTMENT NO FLU JAB

Thank you for your co-operation
